Dear Mr. Keefe:

I wanted to take a moment to thank you for meeting with me recently to discuss partnership opportunities between our organizations. I look forward to continuing a dialogue that would further explore collaboration potential.

As we discussed, Boston is a city rich with history, culture, innovation, and achievement, offering a truly singular voice in the American story. The region also boasts a vibrant and engaged community that overwhelmingly supports these interests. While there are many institutions currently engaged in preserving and interpreting the region's unique and important stories, we feel there is still much work to be done. A great many stories are yet to be told; stories that can help better educate and broaden our collective experience into a larger, more compelling narrative.

We know that the Boston Museum is interested in joining in this fine work and we support your efforts in that endeavor. We believe your institution can provide a singular perspective on Boston's incredible history. If NEHGS can be of further assistance, please feel free contact me. I look forward to working with you as your organization continues to advance and evolve.

Regards,
