Frank Keefe, CEO
The Boston Museum
55 Court Street (basement level)
Boston, MA 02108

Dear Mr. Keefe:

As the President and CEO of Old Sturbridge Village, I am offering this letter of support for the Boston Museum, planned for the Rose Kennedy Greenway in downtown Boston.

The Boston Museum will enhance the experience of American History for both visitors to the city of Boston and residents of Boston. It will also extend this experience to the state of Massachusetts as a whole.

Our hope at Old Sturbridge Village is that by supporting the Boston Museum, we can both benefit by a shared dedication to history and education. We are excited by transportation plans to bring more Boston travelers to experience history here at the Village as well as to other locations within Massachusetts, and are pleased to hear of plans for potential exhibits in downtown Boston.

Please feel free to contact me as plans for the Boston Museum evolve. I wish you continued success.

Sincerely,

Jim Donahue
President and CEO
